

## Bull Mortality and ASD Infertility Insurance

Providing solutions for the livestock industry for over 25 years.

### Full Mortality and Loss of Use from AS&D

Deppe Angus is offering to pay 4% of the cost of a 12 month policy covering mortality and loss of use. The buyer will be responsible for 8.8% of the total premium of 12.8%. Request for insurance must be made on sale day to be eligible. We think that it is very fair and complete coverage and it will be the only loss of use breeding guarantee offered by Deppe Angus.

### **COVERAGE**

The coverage provides traditional, full mortality for death from natural causes or humane destruction as a result of a life-threatening injury. The endorsement for Accident, Sickness, & Disease (ASD) Infertility provides coverage in the event of permanent impotency, infertility or the bull's inability to naturally service cows as a result of an accident, sickness, or disease sustained during the policy.
